WEEKLY STATUS REPORT (WSR)

03-22-18

TO:	Dr. Steve Chenoweth, Albert Udom, Michael Domke, Joshua Palamuttam
FROM:	Team Space JAM
SUBJECT:	Status report for week March 18, 2018 to March 23, 2018

I.   RED FLAGS: None found this week.

II.   ISSUES: We had problems normalizing our data with R, so in order to move forward, we did it in Excel.

III.   ACCOMPLISHMENTS (dates):

3/19/18 & 3/22/18
- Found a way to highlight HOFers in our scatter plots using different colors.
- Tried normalizing data with R, but completed in Excel

3/22/18
- Continued refining colored scatter plots

IV.   ACTION ITEMS FOR FOLLOWING WEEK (dates):

- Action item 1: Continue exploring and identifying trends of HOFers (Michael Domke)
- Action item 2: Applying Lazy Learning and Naive Bayes (Albert Udom and Josh Palamuttan)
- Action item 3: Become more familiar with R syntax (Team)
